THIRTY-THIRD ANNUAL REPORT

OF THE

Insurance Commissioner

1941

FOR THE

Year Ending December 31, 1940

Compiled from annual statements and reports of insurance companies filed in accordance with the laws of the state of Oregon, showing condensed financial statements and reports of Oregon business of each association, company, corporation, society and exchange transacting business under certificate of authority in the state of Oregon during the year ending December 31, 1940.

Insurance Commissioner

STATE PRINTING DEPT.

on group; and $2,014,002 on industrial, or a combined total increase of $26,250,666. New insurance written amounted to $68,820,426, reflecting a slight decrease of 1.19 per cent under 1939.

Companies writing annuities reported the issuance of 468 new annuity contracts last year, involving immediate and ultimate annual payments to annuitants of $149,038 per year, reflecing a decrease of $114,794 in such annual payments in new contracts effected compared with 1939, although the total annuity contracts in force at the close of 1940 amounted to $3,749,355 in ultimate and current annual income to annuitants in comparison with $3,405,366 for the previous year, this increase resulting from revivals and increases (the latter largely on previously reported group cases) as well as from new writings.

Life insurance premiums totaled $22,306,929 and annuity considerations $2,275,932, an increase of 2.46 per cent on life business, and annuity business decreased 11.85 per cent compared with 1939.

In the tabulation set forth below an analysis has been made of the gross death claims and other benefits paid to policyholders or their beneficiaries during 1940:

	Ordinary	*Group*	*Industrial*	*Annuities*	*Total*
Death claims	$ 5,074,308	$ 604,421	$ 238,828	$	$ 5,917,557
Matured endowments	1,488,790	.....	154,063	.....	1,642,853
Permanent and total disability benefits	694,367	38,809	4,553	.....	737,729
Additional accidental death benefits	110,306	.....	14,070	.....	124,376
Surrender values	3,414,077	.....	445,842	.....	3,859,919
Dividends, etc.	2,572,910	175,895	213,320	15,902	2,978,027
All other	.....	.....	.....	1,255,726	1,255,726
Totals	$13,354,758	$ 819,125	$1,070,676	$1,276,628	$16,516,187

In connection with the above sums paid to the policyholders or their beneficiaries, the companies in recent years have provided in the policy contract optional modes of settlement at the election of the assured, the options becoming effective at death or other maturity or upon the surrender of the policy. The companies, in providing a safe and sound method of conserving the proceeds of life insurance policies by means of these optional modes of settlement, paid out to Oregon policyholders or their beneficiaries $1,232,523 under these supplementary contracts during 1940. These returns were in addition to the disbursements in the above tabulation. The supplementary contract payments for 1940 were that year's accruals from similar tabulations in the department's reports for previous years and the above tabulation for 1940.

A study of the dividend payments reported by the companies revealed that although the policyholders received $2,978,027 in dividends they returned $1,642,741 or 55.16 per cent of this total to the companies to apply on premiums, paid-up additions, annuities, etc.

FRATERNAL

Fraternal benefit societies operating in Oregon reported $44,947,911 insurance in force at the close of the year on 48,484 certificates, reflecting a decrease in insurance in force of $886,884 or 1.97 per cent compared with 1939. New business written amounted to $3,425,346, a decrease of $526,159 or 15.36 per cent under 1939. Dues collected totaled $1,527,030.
